## IN THE REALM OF THE FEMININE

## The Proper Hairbrush

IT WAS CHRISTMAS EVE, so I could hardly blame the salesgirl for her curt reply. That morning, I found that a member of my family was about to bestow a hairbrush upon me, as a holiday token. I begged the privilege of making my own choice, for past experience had taught me many things that a hairbrush should or should not be, other than silver backs and fancy monograms. "I want a perfectly plain brush," I said. "Certainly," she snapped, implying that I had made no unusual impression by such a choice. "I am anxious to purchase and be off, and am here since I know this house carries the finest line of toilet goods in the city." She was conciliated.

Another minute, the top of the case was piled with brushes—priced from \$1.75 to \$4. Lightweight, wooden frames, perfectly plain, mahogany, oiled or finished "natural." One high-class maker uses only gumwood and leaves it in its ashen shade. Bristles, and their qualities, were what we discussed. What a fund of knowledge that girl had! Mere bristles almost caused each of us to forget it was Christmas Eve, and time that both of us should be at home.

What I chose was a small brush, to facilitate easy swinging in brushing the hair, the bristles as stiff as wire, medium close in its weave, so it will effectively sweep the hair, and be easily cleaned itself. The bristles were unbleached, as I found that much of their life was destroyed through bleaching. I paid \$2.25 for it. The \$4 ones were the same, only larger. As I passed the cases filled with gorgeous brushes, we both smiled. "All the way up to \$25," she remarked. "Men rush in desperately, and purchase them as gifts for women." "I know," I replied, "since I just escaped one, and instead, have something that is going to give daily satisfaction."

**Questions and Answers**  
Do you condemn hair dyeing or bleaching? I understand that some people say either will injure the hair. I have used perm for ten years and still have a pretty good head of hair. I do not want to change it—Mother.

Do you think that a boy should stop singing in the choir while his voice is changing?—Mother.

Reply:—If you want him to have a good singing voice after his growth, he should stop singing until his new voice is fully established—even if it takes five years to accomplish.

## SOUP PLATE IS NAME GIVEN FOR NEW HELMET BY "TOMMY" AT FRONT

LONDON, England.—"Soup plates" is what the British soldiers at the front call the helmets with which they are now equipped as a protection against shrapnel. They are of steel and painted gray. In appearance they resemble an inverted bowl, and are far from ornamental. They afford protection to the neck and ears as well as the head.

A British correspondent testifies to their efficiency in reducing casualties, as proven in the recent stiff fighting for the recovery of the "international trench" north of the Ypres-Comines canal.

"I saw eight dented or pierced helmets today," he writes, "the wearers of which suffered no worse injury than slight scalp wounds, and some escaped entirely. All would have been killed had they worn an ordinary hat cap. One helmet had been dented eight times by falling shrapnel, while a jagged two-inch hole marked the entry of a shell fragment which caused a flesh wound."

"Another bore a deep fissure made by the butt of a German rifle during the hand-to-hand fighting in the captured trench. The wearer of the helmet was not even stunned, and he was able to kill his antagonist. Still another had been dented by shrapnel unknown to the wearer. Several had been cut through by pieces of shell, but the net effect was no greater than a smart blow across the skull with a club."

## "Blue"? Well, What's the Reason?

"Blue," worried people often have more than mental troubles. Such low states of mind are apt to come from poisoned blood, and often it's the kidneys that are really at fault—too weak, perhaps, to properly filter the poisons out of the blood. If you have a bad back, rheumatic pains and feel tired all the time, try Doan's Backache Kidney Pills; the most widely used, the best recommended of all kidney remedies.

"When Your Back is Lame—Remember the Name. DOAN'S BACKACHE KIDNEY PILLS. Sold by all druggists at 50c a box (six boxes \$2.50), or mailed on receipt of price by the Hollister Drug Co., or Benson-Smith & Co., agents for the Hawaiian Islands."

Woman Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman

after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache or bearing-down pains, need the tonic-strengthening properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

sleeping room than in any other place during the course of 24 hours. Almost every healthy adult requires eight hours' sleep, if the system is kept up to its highest standards of health, and many require several more hours.

The bedroom should be a place of rest, quiet, comfort, cheer, quiet in coloring and tone, soothing in its fitness to the character of the occupant. It should be conducive to repose, to happy thoughts as companions to the land of sleep.

## HOUSEHOLD SCRAP ALBUM

TO CLEANSE CORSETS, take some warm suds to which a few drops of ammonia have been added. Spread the corset on a flat table, taking out the laces but not the bones and sties. Scrub with a clean brush and hot suds, then rinse quickly in clear warm water. Lay flat on a board in the sun or near the fire, so that it may dry quickly. Do not iron.

CURTAINS AND TABLECLOTHS will look best if they are not starched. Put a tablespoon of methylated spirit to a gallon of rinsing water. This will make the cloth quite stiff enough, help to keep them white and make them shine when ironed.

## CHIFFON MOTOR VEIL.

A new idea in automobile veils is one of chiffon with an elastic band, the veil falling well down on the shoulders and edged with a twelve-inch border of shadow lace. It is worn with the opening directly over the face and is drawn back when not in use. It is also suitable for evening wear.
